Infrachain is pleased to share with you some news from the blockchain ecosystem in Luxembourg. In this edition, we feature an exclusive interview with Fabrice Croiseaux, Chairman of the Board of Directors of Infrachain, talking about the organisation's current and future plans. Further interviews feature Scorechain, KYC3, Cambridge Blockchain and Abacus. Infrachain, Lëtzblock, LHoFT, LIST and SnT launched a common initiative targeting the setup of a blockchain hub of excellence in Luxembourg - discover more in this newsletter.

INTERVIEW

Fabrice CROISEAUX
Chairman of the Board of Directors
Infrachain

In an exclusive interview, Fabrice Croiseaux, Chairman of the Board of Directors of Infrachain, looks back at the reasons leading to the creation of Infrachain, the milestones achieved and current and future plans.

"The goal is to set up a landmark EU hub for Blockchain research and industry projects, a testing lab for commercial PoCs and a magnet for Blockchain talent."
